SubliJet IQ®

Features of SubliJet IQ Sublimation Systems

SubliJet IQ inks create vibrant, permanent images on a wide variety of substrates.

A complete choice of high-quality Epson printers lets you match your system to your business needs.

Bulk ink systems are also available to lower your total operating cost of sublimation.

PowerDriver®, Sawgrass' award winning and user-friendly color management software, is FREE with all SubliJet IQ systems, allowing users to easily manage output for high-quality prints – time after time.

SubliJet offers users peace of mind through Sawgrass Technologies' PartnerPlus Support Program.

Our expert-level technical support team can help you through even your toughest imaging challenges.

Sawgrass Technologies is committed to offering comprehensive solutions for sublimation printing. We've compiled this convenient printer comparison checklist to help you select the technology solution that is right for you.

Each system represents a unique offering which is ideal for certain operating situations. Consider your print size requirements, your color accuracy demands, and your budget to select the right system. For more information, please contact us at info@myenmart.com, or call 866-516-1300. Our team of sublimation experts can tell you how SubliJet IQ can benefit your business.

SAWGRASS™
TECHNOLOGIES

To achieve maximum profitability from your SubliJet IQ system, it is important to have a baseline transfer cost for each print job. In determining true costs, consider the amount of ink used for a specific artwork design and the cost for paper. Using these baseline costs of goods for each project allows you to maximize your profit.

To help you choose a SubliJet IQ system that gives you the highest return on your investment, Sawgrass has developed a product yield guide built around a variety of real-world artwork. The images below were printed for three average substrates to determine a transfer cost for each. The costs include SubliJet IQ ink and recommended paper and are provided only as an illustration. Your final decorated costs will vary based on the amount of ink used and image print size.

Heavy Coverage:	Average Imaging Cost (ink only)				
Image Info.	Epson WF30 Cart	Epson WF30 QC	Epson 1400 QC	Epson R1900 Cart	Epson R1900 QC
T-Shirt 7" x 10.25" image size	\$3.12	\$0.97	\$0.66	\$5.23	\$0.86
Unisub Plaque 5.5" x 8" image size	\$1.96	\$0.61	\$0.42	\$3.40	\$0.56
Ceramic Mug 3" x 4.5" image size	\$0.57	\$0.18	\$0.12	\$1.01	\$0.17
